The genesis, inception and formation of the Board :-

During the Second Five - Year Plan it was felt by the Planners that democratic society like ours requires an active and intelligent participation of workers in the affairs of their trade unions and of the country for its speedy socio-economic development. A strong, free, responsible and democratic trade union movement would make significant contribution to the realization of better life for workers. Workers should be trained to play their role effectively for the attainment of socio-economic development of the country. It was envisaged that Workers Education could help in preparing the workers and their trade unions to play their role effectively in the task of nation building. It necessitated the Government of India in the year 1957 to secure an expert advice in formulating "Workers Education Scheme". As such the Government of India in collaboration with the Ford Foundation had appointed an International Team of Experts to suggest 'Workers Education Scheme'. The Team of Experts had submitted its report in March, 1957. The recommendations of the Team of Experts were endorsed by the Indian Labour Conference in its 15th session held in July, 1957. The Indian Labour Conference had recommended setting up of a semi-autonomous Board for administering the

‘Workers Education Scheme’. Consequent upon the recommendation, the Central Board for Workers Education was established on 16th September, 1958 and was registered under the Societies Registration Act XXI of 1860. The Board is tripartite in character.
